Subject: Uber is better for consumers than taxis

To Whom It May Concern:

I am writing to request you reverse your decision to block Uber in SC. Over my 30 year business career I have been a regular user of taxi services. The quality of the drivers, the quality of the cars, the pricing, and the customer service offered by taxis in SC is so many levels below what you get from Uber drivers that there is no comparison. Smaller markets like exists all over SC have the most to gain, since higher end car services and quality taxi companies are much more scarce in smaller markets vs. big cities.

Your charter is to protect consumers, but there is no way that is what you are trying to accomplish that by your action. You are blocking a better / cheaper form of hired travel in favor of the taxi industry. This can only be a political move to protect the taxi lobby. Politicians who do not honor the will of the citizens do not stay in office very long.

I support Uber and feel this company should continue to operate in SC. I have used this service many times, and feel that this should continue to be a choice for the consumer.

To Whom It May Concern,
Please rethink the order to cease and desist Uber operations in SC. It's safe, insured and much more reliable than taxi or public transportation.

SC Needs Uber!

Sincerely,

Chad Lanman

Subject: I NEED UBER

Uber is crucial for college students safety in the town of Columbia. It is much safer than yellow cab drivers because of the back ground checks. I am always pleased with uber. They are fast and very polite. On the other hand, every time I take a yellow taxi cab the driver seems to be creepy towards me and makes me feel uncomfortable. Uber drivers are always professional unlike yellow cab drivers. Uber is a great establishment and should not be shut down.
